Introduction

It is natural for any country to see its future in the form of children, more precisely in their physical and spiritual maturity. The development of the legal democratic state is directly related to the level of education and training of the growing generation. In order to achieve this, first of all, the political, social, moral and legal level of society members, including women, is required to be at a high level. At the level of state policy, attention is paid to the development of children in our country. In this regard, the President of the country, Sh.M. Mirziev, emphasized that "in today's complicated times, raising children to be physically and spiritually perfect people remains an extremely important task for us."

It should be noted that with the development of scientific and technical development and the medical field, the number of victims of alcoholism and other powerful substances is increasing. Addiction and strong effect doer of substances illegal rotation problem a lot countries in line Uzbekistan Republic for too current from problems one is considered The reason is addiction tools , their analogues and psychotropic substances with to the law the opposite respectively treatment to do about crimes population to the health of society economic and spiritual basically serious threat family to relationships negative effect shows another _ social problemscauses¹ . basis for the termination of the validity of the license in accordance with the established procedure.

RESULTS OF THE ANALYSIS : Prevention of lack of control, carelessness, offenses among young people, protecting them from negative influences, combating the disease of alcoholism, which is considered one of the most dangerous crimes, recognized by humanity as the "plague of the century", especially preventing the growing up generations from falling into the trap of this disease. is one of the current issues. in Uzbekistan today's in the day things between traditional drunkenness giving up substances , especially psychotropic ones and strong effect doer substances consumption to do cases is increasing . Current in the evenings tramadol and new appear has been tropicamide drugs consumption too is getting stronger . They are under the influence while things by heavy kind of crimes happened is being done . Unfortunately , now in the day things between in the composition drunkenness tools was (— Tramadol , — Nalbuphine , and etc.) psychoactive (— Lyrika, — Regapen , — Galara and etc.) medicines consumption to do of cases meeting standing and of our friends spirit and physically healthy being achievements , modern knowledge and to the profession have to be for all conditions created given to be narcotics though _ with depends crimes happened to do and drunkenness to the way come in that he left sad is the case . To alcoholism plague to be not only one of the person maybe their problem family , society for is also a headache . Last in years the world in countries to alcoholism against wide comprehensive struggle take somewhere . His for different events is being held . Social in this from advertisements too wide is being used . Most importantly healthy marriage style promote on the way a lot affairs done is increasing . Humanity development new-new peaks conquest is doing However in the world peoples , nations to the future threat birth one how much factors still preserved is waiting That's it from risks one drunkenness is a problem . A global problem has become this to vice against in fighting interstate cooperation important importance occupation is enough Past century it is our heritage being the rest transnational of crime three the most a dangerous species of humanity to the future risk put is coming In particular international terrorism, the mask of religion under extremist , fundamentalist and separatist attacks , drugs with trade doing (drug business), human trafficking is considered Current on earth per day in the drug business circulating funds _ the world of the population food , clothing , housing , education system and medical to the service spent from expenses much abundance with differentiation never It's not a secret to anyone . The saddest thing is alcoholism heavy of crimes happened families _ _ and the nation of the gene pool to the violation reason is happening Dune in the market spreadable black of medicine main part in Afghanistan it is cultivated illegal road with Central Asia countries through to the west to deliver has been attempt year after year getting stronger is going That's why for drugs in our country consumption to do and their illegal rotation against struggle to the issue state and of the nation the next day solution doer from the masses one as looking is getting married . To this evil against to fight in order to one row laws and international contracts acceptance done.

SUMMARY: Summary in place that's it to emphasize it's okay , worldview just now forming he went with all his energy only knowledge to get , search , craft to learn to spend need has been one at the time , teenagers cheating the way with drunkenness to the victim turned who are little ? How much of families the smell dried to alcoholism against each one a person himself fight , external from the effects to be protected it is necessary Adult delivered our children the past old , soil gold , sky pure of Uzbekistan the future are heirs . This is how they are healthy in the environment , dear concepts to their hearts place adult Let 's say no how external negative attacks and black vices kiss them to himself attraction do it don't take it.
